Pals is a beautiful medieval town and one of the pearls of the area. It is 3 km off the route, but not to be missed! <https://www.youtube.com/watch?v=sj5y9somu4I>

Peratallada (<https://www.youtube.com/watch?v=1TQwnTkl1uY>) another emblematic place

It is clear, you cannot see everything and you have to plan beforehand where you want to stop!!!

Friday Dinner: To your liking in Tossa de Mar

The 4 km to the town are full of curves and cliffs. Not at all convenient after a dinner! We don't feel like looking for any out there either.

By staggered bus transportation we will take you and bring you back. Schedule to be confirmed.

A walk in the old part of town is a must!

A list of restaurants will be sent to participants in May, in order to reserve something to your liking directly.

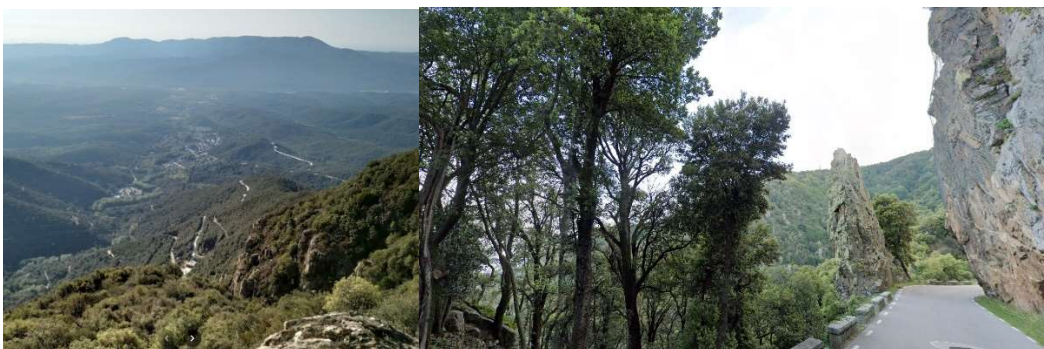

Saturday: 210 km

Breakfast at the Restaurant: 7 – 10

The route will take us to the “Serra de Montseny” where years ago the Nortons ran uphill.

There will be fewer tourist places, but mountains and curves to enjoy.

The mountain passes and viewpoints “Coll de Bordoriol with its 1100m, Coll de Sant Marçal, the Mirador Can Pla, will brighten your day

On the way back you will find Hostalric with its medieval center, if you still don't want to go back to the campsite and take a look around.

9:00 p.m. Official dinner of the Rally at the campsite.

Let's wait for the weather to be with us and enjoy the Beach Bar afterwards.

SUNDAY (190 km)

Breakfast at the Restaurant: 7 – 10.00

If you already decide to return home and your destination coincides, you can accompany us on the route and leave us on your return trip at the point you decide. Those who return on Monday can enjoy the entire tour.

The somewhat shorter Vuelta with 190 km will take us to Lake Bañolas. Gerona is interesting but you would probably need too much time to visit it. A cafe on the edge of the lake and on the way to Olot we will pass the curious open-air 'erotic museum', as well as the town of Santa Pau.

There is an alternative, less scenic route to drive, but very interesting with its villages Besalú and its fortified bridge, Castellfollit de la Rock, built on top of a basaltic cliff between 2 rivers. Olot is located between volcanoes! Interesting if you like geology. As usual, eat anywhere wherever you like. Then it's time to go back, rest and prepare to return to your homes. We can take a refreshing swim in the sea

Dinner: Self-service buffet at the campsite.

Monday from 6.30-10.00 Breakfast and trip home
